# A structured verification and financial analysis of 4 rental applicants.

This is not an approval or rejection. It is a record of the evidence Pleks received, how that evidence reconciles, and where uncertainty remains. Final tenancy decisions rest with the agent or landlord.

| <b>The bar</b>           | Shows the applicant's dimensional score (0-100) with a threshold marker. Scores above the marker sit within the preferred range for this profile class. |
| <b>The qual headline</b> | Summarises the engine's primary signal for each dimension. Algorithmic output - read alongside the observations, not in isolation.                      |
| <b>The observations</b>  | Analyst-facing notes derived from the same evidence the engine used. They surface data points the score alone cannot fully represent.                   |
