HOW TO READ THE FOUR DIMENSION CARDS ABOVE

The bar	Shows the applicant's dimensional score (0-100) with a threshold marker. Scores above the marker sit within the preferred range for this profile class.
The qual headline	Summarises the engine's primary signal for each dimension. Algorithmic output - read alongside the observations, not in isolation.
The observations	Analyst-facing notes derived from the same evidence the engine used. They surface data points the score alone cannot fully represent.
